DOCK

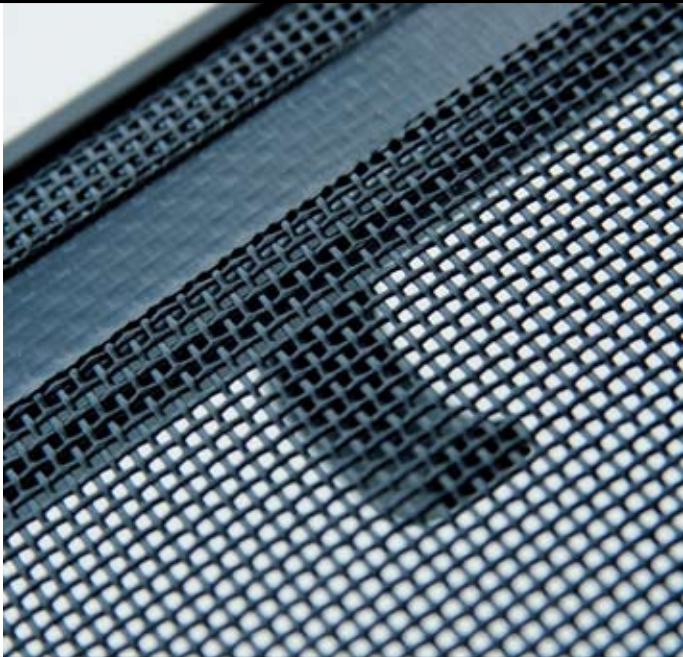

the Dock

Transparency, flowing lines and minimal thickness. Aluminium forms the basis of this revolutionary Dock coat rack design from Gardelux. A unique object, designed to make every space and every user withstand the test of time.

the Colours

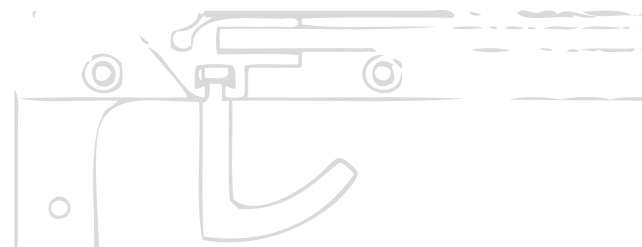

The transparent inlay emphasizes the streamlining effect. The elasticity of the material ensures that the coat rack reverts to its original shape after use. The material is available in black and white. Material: Netweave (100% polyester thread enclosed by synthetic fibers).

The virtually seamless aluminium coat rack, combined with the transparent inlay, gives the Gardelux Dock the perfect finish to your home or office furnishings. The Gardelux Dock is provided with 15 coat hooks: 8 hooks in the front and 7 hooks at the back. The standard length is 1036 mm. Clothes hangers are optionally.

the Combination

The contemporary Gear coat rack - another Gardelux design - shows strong lines, uniform use of materials and a dynamic impression from top to bottom. It can be used on it's own or in combination with the Dock design coat rack and will give a timeless quality to your cloakroom.
